

# COR•REC Tech Partner Program

Build. Integrate. Grow with COR•REC.

March 18, 2025 · CORGROUP LLC

---

## 1. Executive Summary

---

The COR•REC Tech Partner Program is designed to provide developers with the tools, resources, and business opportunities needed to integrate seamlessly with the COR•REC Business Management Platform. As a trusted and stable enterprise software provider, CORGROUP LLC has been at the forefront of industry innovation for over 30 years, offering solutions that power industries such as construction, publishing, manufacturing, and beyond.

By becoming a COR•REC Tech Partner, developers gain access to robust APIs, dedicated support, and revenue-generating opportunities while collaborating with a trusted industry leader. This program fosters innovation and enables partners to create impactful solutions, scale their businesses, and enhance their technical expertise.

## 2. Introduction to COR•REC

---

### Overview of the COR•REC Business Management Platform

COR•REC is a comprehensive business management platform designed to streamline operations across various industries. It integrates essential functions such as accounting, inventory management, project tracking, and customer relations into a single, powerful system.

### History and Mission of CORGROUP LLC

With over three decades of expertise in enterprise software development, CORGROUP LLC has a proven track record of delivering stable, scalable, and secure business solutions. Our mission is to empower businesses with technology that simplifies management, enhances efficiency, and drives profitability.

### COR•REC's Role in the Enterprise Software Ecosystem

COR•REC serves as a critical backbone for businesses seeking to modernize their operations. By integrating with COR•REC, developers can contribute to and benefit from a thriving ecosystem of enterprise solutions.

## 3. The COR•REC Tech Partner Program

---

### Purpose and Objectives

The COR•REC Tech Partner Program is built to foster innovation and collaboration. Its objectives include:

- Encouraging the development of seamless integrations and plugins.
- Providing technical and business support to partners.
- Enhancing the value of COR•REC through third-party contributions.

### Eligibility

The program is open to independent Java developers, software companies, and businesses looking to extend COR•REC's capabilities.

### Collaboration and Growth

Through joint development, co-marketing, and revenue-sharing opportunities, tech partners can leverage COR•REC's extensive customer base to accelerate growth.

## 4. Resources & Tools for Partners

---

### 4.1 Developer Resources

- Comprehensive COR•REC API documentation and SDKs.
- Plugin development guidelines to ensure smooth integration.
- Secure sandbox and testing environments for safe development.
- Code samples and best practices for efficient development.
- Dedicated sandbox development workspace.
- Walk-throughs and demonstrations to facilitate onboarding.
- In-depth explanations of COR•REC services.

### 4.2 Support and Training

- Developer support channels, including dedicated forums and partner support.
- Training programs, including a **Certified Developer Program** with full access to extended APIs (requires a non-disclosure agreement).
- Webinars, workshops, and a rich knowledge base to support continued learning.

## 5. Service Offerings for Tech Partners

---

### 5.1 Joint Development Opportunities

- Engage in collaborative projects with COR•REC.
- Participate in revenue-sharing models for mutual benefit.
- Co-branding opportunities to enhance market visibility.

### 5.2 Marketing and Sales Support

- Feature your solution on COR•REC's marketplace.
- Benefit from co-marketing and promotional campaigns.
- Gain access to lead-sharing and business development support.

### 5.3 Technical and Strategic Assistance

- Consult COR•REC's technical advisory team.
- Align product roadmaps and submit feature requests.
- Receive support for performance optimization.

## 6. Becoming a COR•REC Tech Partner

---

### Application Process

The process is simple: provide your name and email address to download the necessary integration tools and documentation.

### Integration Steps

- Access the COR•REC API and developer tools.
- Utilize provided documentation and sandbox environments.
- Begin testing and refining your integration.

### Partnership Tiers & Requirements

Partners can advance through tiers that offer increasing benefits, including premium support, marketing assistance, and revenue-sharing opportunities.

## 7. Case Studies & Success Stories

**Case Study 1** — CORGROUP successfully integrated its accounting module with COR•REC, potentially increasing its market reach by 40%.

**Case Study 2** — CORGROUP created a COR•REC-compatible inventory management plugin that will generate substantial revenue.

## 8. Conclusion and Call to Action

Joining the COR•REC Tech Partner Program is an opportunity to innovate, collaborate, and grow with a stable and established enterprise software leader. Whether you're looking to enhance your technical skills, expand your business, or create impactful solutions, COR•REC provides the platform and support you need.
